PEAK TO PLATE
- *FLAVOURS FROM*
THE MOUNTAINS AND FJORDS.

At Lynx, we invite you to a dining experience inspired by the very best that Nordic nature has to offer, crafted with passion. Together with local suppliers, we draw inspiration from the landscapes that surround us - and the ingredients they provide.

Our menu is built around the finest seasonal ingredients, prepared with respect for their origin and a desire to highlight their pure flavours. Here, classic Nordic traditions meet modern techniques and international influences in dishes that are both down-to-earth and sophisticated.

Lynx is a place for long dinners, good conversations, and lasting memories - where the flavours of mountain and fjord take centre stage.

Dine in majestic surroundings and enjoy the best view in Hemsedal.

Our menu changes with the seasons, and below you can explore our current selection.
